Harbor Seafood's Oyster Bay Brand shrimp is harvested and processed under the highest quality control standards and frozen at the peak of freshness. No matter what your shrimp needs are, you can be sure you're receiving the consistent quality our Oyster Bay brand is known for.

We've built our business on the core principles of honesty, integrity and reliability. Our corporate credo has always been and remains, to treat our partners with the utmost respect and to provide the best service that we can; we take pride in the strength and duration of our relationships with both our valued customers and trusted vendors.

Since 1975, we have been bringing our customers a variety of frozen and refrigerated seafood lines for foodservice, retail and private label uses. We strive to provide an optimum customer experience every time.

Not all seafood is created equal, who you buy from does matter.
